Recreation & Open Space Enhancement Committee
Transportation and Infrastructure Committee
Planning/Land Use Management Committee**

7:00-9:00 PM Tuesday, March 31, 2009

**Location: Santa Monica College Bundy Campus
Multi-purpose Room #123**

Agenda

Call to Order – Albert Olson

Introduction of Attendees

Public Comment – Limit 2 minutes per person

Discussion of the Village at Playa Vista Project Re-circulated Draft Environmental Impact Report (RS-DEIR), and an official MVCC response that might include (but not be limited to):

1. Comment on the revised portions of the DEIR
2. Comment on whether or not the complete DEIR should be re-certified in its present state
3. Comment on additional concerns regarding traffic and infrastructure

Preparation of a motion to be presented at the MVCC Board of Directors meeting on April 14, 2009.

Background: The L.A. City Council certified the Original FEIR, and approved Playa Village's Vesting Tentative Tract Map in September of 2004. After litigation of the project in court, the court issued a writ of mandate, ordering the City of Los Angeles to rescind their approvals of the EIR and other approvals and 1) "revise" their analysis of land use impacts, 2) "discuss" the historic preservation of Native American burial grounds at the site, and 3) "identify" and "analyze" the disposal of wastewater and its environmental impacts. The City of Los Angeles had to revise its EIR and is currently re-circulating this revised DEIR in a public comment period, which ends April 30th. The development of Phase II is on hold until the EIR is approved.

Consideration of another meeting, possibly on Tuesday, April 7th, 2009.

Adjournment
